- Per Pupil Expenditures Comparison P. 61

## SUPERINTENDENT'S FISCAL 2023 BUDGET PROPOSAL

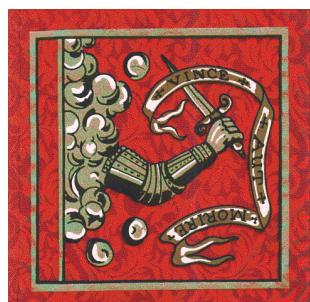

### INTRODUCTION

Entering the 2021-2022 school year there was anticipation that the COVID-19 was behind us. We hoped that we would move towards a new normal. Students and teachers would be back in school full time and our protocols for COVID-19 would be a thing of the past. Unfortunately, that has not been the entire story.

“Peace begins when expectations end”

Sri Chinmoy

Yes, we are in school full-time. Classes are being held in person in all four buildings and in schools across the Commonwealth, yet COVID-19 protocols remain. Currently, all students and teachers are wearing masks, we continue to provide Personal Protective Gear for anyone entering the building, our HVAC system continues to work at high capacity and with advanced MERV-13 filters, HEPA filtration machines continue to operate in every occupied space, and our custodial staff continues to use disinfecting products. Additionally, our nurses continue to provide COVID-19 testing for asymptomatic close contacts, as part of our safety checks, and for anyone who develops symptoms while at school. All of this is part of the Massachusetts Department of Elementary and Secondary Education’s testing program. At the same time students, teachers, parents, and community members continue to have greater access to COVID-19 vaccinations.

With this as the backdrop, The Superintendent's Budget Proposal for FY23 attempts to create a sustainable budget that allows the school district to align our spending to current and projected student needs while continuing to live in a world affected by the COVID-19 pandemic. The FY23 Superintendent's Budget attempts to provide the resources needed to support student learning, while we advance best practices, and align resources sustainably to ensure that current and projected student needs can be provided for. All of this, while maintaining our strong support for students, our ability to meet the needs of all learners, and our commitment to district-wide improvement goals. While striving to meet the Finance Committee's guideline of a 3.5% increase.

We do this understanding that the future, while always unknown, continues to be elusive and difficult to plan for. The military acronym VUCA (Volatile, Uncertain, Complex, and Ambiguous) comes to mind as we plan for the 2022-23 school year.

We have made our best attempt to plan budgetarily for the 2022 - 2023 school year (FY23), and the Superintendent's Budget Proposal includes the FY23 Maintenance of Effort Budget (MOE) and the

costs of additional student needs as well as the impact of resource allocation changes in the upcoming year. The FY23 Budget proposal also meets the 3.5% budget guideline from the Bedford Finance Committee. However, the base budget request is unable to accommodate the potential financial impacts of the COVID-19 Pandemic, and total net Special Education Out of District Tuition.

While the pandemic and its effects continue to taper we do expect a few items to remain in FY23. These costs include a nursing staff increase of 0.5 FTE, the cost of purchasing personal protective equipment, HVAC MERV-13 Filters, HEPA Filtration Filters, as well as purchasing, deploying a non-toxic disinfectant throughout our facilities, and continued communication, access, and curricular software to support student and parent/guardian access to high-quality curricular materials and the educational professionals that work with their children. Throughout the pandemic, we have kept an eye on the question of what aspects of virtual learning and remote communication would continue to add value in a post-pandemic world. The answers have been virtual classroom spaces, communication tools, and collaboration platforms. This will allow us to continue working closely with our students, parents, and professional partners in a variety of ways and with greater flexibility to enhance access than was possible prior to the pandemic.

While we are hopeful that some of these expenses may be covered in coordination with the town through the use of American Rescue Plan Act (ARPA) funds, we are aware that some will not qualify for federal or state reimbursement.

### **Alignment with District Improvement Plan**

The FY23 Superintendent's proposed budget includes funding for the critical work the district has been engaged with despite the pandemic conditions. As a district, we continue to prioritize the mental health and well-being of our students, faculty, and staff, while also emphasizing best practices in literacy, mathematics, and classroom engagement through student-centered instructional practices. These academic priorities have been accompanied by work to create more diversity, inclusivity, and equity in all aspects of our district. Without a doubt, these priorities have been challenged by the current pandemic. The pandemic has required us to prioritize new health and safety protocols, COVID-19 procedures, COVID-19 testing, and the development of hybrid and remote learning infrastructure. Since March of 2020 the educators, administrators, and staff of BPS have worked together to provide the most effective educational experience possible to our students and families. With the FY23 budget, we seek to continue making progress towards our district goals and are committed to working collaboratively with the Bedford Education Association, the Bedford Finance Committee, the town manager, our parents, and the wider community to meet the needs of each child in a systematic manner that allows them to move forward in their educational journey.

The FY23 Superintendent's Budget Proposal is directly connected to the [Bedford Public Schools District Improvement Plan 2021-2024](#) and the Core Values and Beliefs contained therein. This plan informs our priorities which in turn drives our budget decisions. The budget supports the priorities and implementation strategies of the district.

## **Our Core Values**

**Achievement:** An education that develops the whole child by engaging each child's academic, social, physical, and emotional well-being.

**Inclusivity:** Appropriately challenged, supported, and valued as a contributing member of our [learning] community.

**Community:** Encouraging authentic and caring connections.

**Empathy:** Instilling curiosity, appreciation for diverse viewpoints, and the promotion of collaborative and courageous conversations.

## **Our Beliefs**

**Diversity, Equity, and Inclusion:** We believe in educational equity where everyone receives the academic, social, and emotional support and services they need within an environment of high-quality teaching and learning for all members of our school community, which includes a rigorous curriculum, instructional models that engage students, and where students utilize critical thinking and have agency.

**Diversity:** We believe in the representation of different and unique identities, characteristics, experiences, and perspectives. **Equity:** Giving everyone what they need to succeed by increasing access, resources, and opportunities for all; especially for those who are underrepresented and have been historically disadvantaged. **Inclusion:** A welcoming culture in which differences are celebrated and everyone is valued, respected, and able to reach their full potential.

**Student-Centered Curriculum, Instruction, and Assessment:** We believe that by creating a curriculum that is student-centered we develop and implement instructional strategies that prioritize the student experience, and that we assess our students in a manner that allows each child to develop as an autonomous and independent learner who is responsible for their own learning.

**Social-Emotional Learning:** We believe that Social Emotional Learning (SEL) is an integral part of a student's education. Students learn to acquire, understand, and apply the skills, knowledge, and attitudes to develop healthy identities, manage their own emotions, achieve personal and group goals, feel and show empathy towards others, establish and maintain healthy relationships and make responsible and caring decisions. Social-Emotional Learning provides students with the opportunity to build educational equity, authentic and thriving peer, school, family, and community partnerships.

The FY23 budget supports critical staffing and other support related to district and school strategic objectives, as highlighted below:

**Diversity, Equity, and Inclusion:** Provide each student with the academic, social, and emotional support and services they need.

*The district improvement plans include addressing learning gaps stemming from opportunity differentials within student populations, and our overall concern with academic achievement and skill and concept attainment for all students. Specific initiatives include enhancing our multi-tiered systems of support for all learners, professional development in culturally responsive instruction and universal curriculum design, and enhancing the coordination of Diversity, Equity, and Inclusion initiatives.*

**Student-Centered Curriculum, Instruction, and Assessment:** We believe that by creating a curriculum that is student-centered we can implement instructional strategies that prioritize the student experience.

*Teaching and learning district-wide is supported in improving outcomes for students by using the extensive data system we have spent the past two years developing and implementing to help us understand what learning gaps students have. This would include assessing all students, both those that are not meeting grade-level benchmarks, along with assessing the needs of students who are beyond grade-level benchmarks. By doing these much-needed assessments, we can target our instruction, provide small group instruction in classes, and provide individual, targeted instruction where needed. This applies to all students, at all grade levels-and would also address both the most fundamental issues for students, around reading, writing, and mathematics, but also within the content areas of social studies and science, and world language.*

*Literacy has been a district-wide goal for a few years in Bedford and most acutely during the past two years. This is due to the concern around the number of students reading below grade level, literacy scores on standardized tests, and subgroups presenting with achievement gaps. The Bedford Public Schools Literacy Plan, which was developed by BPS faculty, and is now being fully implemented with all students back in classrooms full time, and with faculty prioritizing the action steps outlined under each of the five goals within the plan. The workshop model in writing and reading - with teachers conferring with individual students by teachers on their writing - is one of the most effective ways to teach writing to students, and improve writing, devoting more time to building students' proficiency with phonic skills, fluency, and comprehension with reading.*

**Social-Emotional Learning:** We believe that Social Emotional Learning (SEL) is an integral part of a student's education. Students learn to develop healthy identities, emotions, achieve goals, show empathy, establish and maintain healthy relationships and make responsible and caring decisions.

*Along with specific academic curriculum and instruction that is targeted and enhanced, SEL aspects of the curriculum are implemented within classroom environments, with the ability to use smaller groups to build trust with a smaller group among students. The concerns about students' social and emotional well-being are a priority, as we know that students' SEL is fundamental to allowing them to learn.*

## **FY23 PROPOSED BUDGET OVERVIEW**

In 2022-23, the Bedford Public School district is projected to serve 2,581 students in preschool to grade twelve versus the 2,603 students enrolled in the current year. The FY23 Superintendent's proposed budget is \$45,157,090, and includes a \$1,527,051 increase, 3.5% over the FY22 budget of \$43,630,038 exclusive of any Covid-19 related expenditures. Salaries make up 83% of this proposed budget. The maintenance of effort / level-services budget comprises 3.2% of the 3.5% additional allocation to the schools, and the total request meets the Finance Committee's 3.5% Budget Guideline. As was done in FY22, and in a reduced but significant amount in FY23, \$200,000 in additional funds for extraordinary out-of-district tuition will need to be reserved.

FY22	FY23 Maintenance of Effort			Additional Needs		FY23 Total Budget Request		
Adjusted Budget	FY23 MOE	\$ Change	% Change	FY23 Additional	% Change	FY23 Total	\$ Change	% Change
\$43,630,038	\$45,006,057	\$ 1,376,019	3.2%	\$ 151,033	0.3%	\$45,157,090	\$1,527,051	3.5%

With an additional \$200,000 reserved for extraordinary out-of-district tuition expenses.

This budget provides funding for the district to maintain level services and preserve critical resources that support Bedford Public Schools teaching and learning including strategic investments that are in place to help advance the District Improvement Plan goals and objectives. The focus of this budget is simple - to use existing resources well in order to make a difference for students. In what we hope will be a year less dominated by Covid health and safety concerns, we expect to return and fully embrace high-quality and impactful teaching and learning in Bedford.

The additional needs outlined in the budget proposal represent 0.3% of the request and \$151,033. These additional needs primarily support positions put in place, initially by grants, to offer reading and math support to our youngest learners. Also, our special education student enrollment shifts each year, and program adjustments are included in the budget to ensure these mandated services are supported and within caseload guidelines. The additional needs proposed also include small programmatic enhancements and an SEL curriculum investigation and pilot. Some administrative efficiencies that take advantage of anticipated administrative vacancies and restructuring opportunities, are included in the budget and offset the cost of newly proposed positions and programs in FY23.

This budget request assumes normal operations. Expenses in the area of health and wellness and building environments are presented as well, in a separate section entitled *Continuing Covid-19 health and safety expenses*.

## **FY23 Maintenance of Effort / Level Services Budget**

The most significant ongoing investment by the Bedford Public Schools is in the people - teachers, instructional assistants, school and district leaders, and administrative, facilities, information technology support staff - who are essential to the district's teaching and learning and educational infrastructure. Salaries makeup \$37,521,683 of the FY23 maintenance of effort (MOE) budget or 83% of operating budget costs. Operating expenses represent \$7,484,374, or 17%, of the FY23 MOE budget. For maintenance of effort / level services, salary expenditures are increased by 3.6% over the FY22 budget while operating expenses are increased less than 1% (0.9%).

BY SALARY AND NON-SALARY	FY22	FY23 Maintenance of Effort			Additional Needs		FY23 Total Budget Request		
	Adjusted Budget	FY23 MOE	\$ Change	% Change	FY23 Additional	% Change	FY23 Total	\$ Change	% Change
SALARIES	\$36,212,522	\$37,521,683	\$ 1,309,160	3.6%	\$ 79,481	0.22%	\$37,601,164	\$1,388,642	3.8%
OPERATING EXPENSES	\$ 7,417,516	\$ 7,484,374	\$ 66,858	0.9%	\$ 71,552	0.96%	\$ 7,555,926	\$ 138,410	1.9%
<b>TOTAL</b>	<b>\$43,630,038</b>	<b>\$45,006,057</b>	<b>\$ 1,376,019</b>	<b>3.2%</b>	<b>\$ 151,033</b>	<b>0.3%</b>	<b>\$45,157,090</b>	<b>\$1,527,051</b>	<b>3.5%</b>

All individual salary and non-salary budget line items were reviewed in the process of determining the resources required in the FY23 Maintenance of Effort (MOE). The MOE budget is a level services budget adjusted for enrollment changes. All line items are adjusted for increases in contractual costs, cost escalation, and other changes. Line items not subject to cost increases, are level-funded and help to accommodate known cost increases or additional needs in other areas within the budget. There are some savings due to the elimination of FY22 funds budgeted for one-time needs.

## **Community Expectations**

Our FY23 Budget proposal is designed to provide the resources needed for our educators to continue meeting the community learning expectations for the children of Bedford. These expectations embody the values of everyone associated with the Bedford Public Schools. These expectations include:

- High performing schools that nurture intellectual curiosity, creative expression, independent thinking, and skillful problem solving rooted in a rich array of academic knowledge
- A supportive, safe and caring school culture that promotes an appreciation of diversity
- Intellectually engaging, rigorous, and challenging learning experiences for all students
- A comprehensive, well-articulated curriculum
- Robust music, arts, wellness and STEM courses for all students
- Ample athletic and co-curricular opportunities for all students
- College and Career Readiness for all students
- A commitment to educational equity, inclusion and the closing of achievement gaps
- Measurable and clearly identified learning outcomes

- Cost-conscious planning that respects the community's fiscal conditions
- Transparent and authentic community engagement

## **Budget Development Process**

The Bedford Public Schools budget development process includes the following steps:

1. Full cost projection of all staffing costs evaluated by individual position, step and lane, and contractual salary scales including stipends and longevity, less savings anticipated due to staff turnover, retirements, and attrition.
2. Review by district and school leaders of all accounts which are adjusted to support ongoing programmatic needs and enrollment changes. Allowances for cost escalation and for known contract price increases are made.
3. Larger expense allocations are supported by detailed cost data on the actual costs of goods and services.
4. Consideration of budget proposals for initiatives that enhance teaching and learning.
5. Development of budget priorities
6. Evaluation of opportunities for administrative efficiencies
7. Final alignment of resources to support the District Improvement Plan and student needs

Because there remain areas of the budget that increase at higher rates, and at levels above the Town's 3.5% Guideline, seeking efficiencies is a normal part of the budget process. As is typically the case, when some areas of the budget increase beyond the 3.5% guideline, it is necessary to closely review all spending to determine whether any savings or efficiencies are possible and to target those changes to areas that impact students the least. Expenses increasing the highest rates in FY23 include:

- Out-of-District Special Education (10.4%)
- Operating Expenses (5.8%)
- Salary Expenses (3.8%)

Concurrently, all funds that support the Bedford Public Schools are evaluated in the development of the annual budget. This ensures that resources are used strategically and sustainably. These grants, special revenue, and revolving account revenues critically support Bedford Public Schools.

- Grants: A review of all grants and special revenue funds available to offset operating budget costs is completed. Grant accounts in the FY23 year are expected to be funded without major changes to Bedford's allocation. The district's grants in FY23 include the federal through state education allocation grants including ESSA Title I (Targeted academic support), Title II (High-Quality Teaching), Title III (English Learners), and Title IV (Educator Improvement), Special Education IDEA, and Early Childhood IDEA, and METCO. *The school Covid relief*

*grants are currently projected to be fully spent at the end of FY22, although should balances remain, some relief grants have end dates through FY24.*

- Special Revenue: Special Education Circuit Breaker and State Impact Aid are the district's largest sources of support other than local Town revenue. Circuit Breaker is available to support the district operating budget at increased levels in FY23 (see the section of *Out-of-district Tuition for details*). State Impact Aid will provide a \$516,000 offset to high school instruction as has been consistent in the operating budget for a number of years.
- Revolving Accounts: Building rental and preschool tuition also support district costs. Following the return to more normal operations in FY22, the district once again is collecting building rental fees and preschool tuition revenues that are helping to rebuild special revenue accounts. These funds are available to be used to offset costs in the FY23 budget at levels that are not as high as in pre-pandemic years but are higher than in FY21 and FY22. The food service program is projected to cover its costs in FY23 after seeing revenue losses during the pandemic despite increased reimbursement from the USDA food program. Fewer lunches were served and full staffing was necessary to support complicated Covid safety protocols around student lunchtimes and eating. See the Supplemental Materials section for *Special Revenue Funds and Revolving Accounts*.

As the budget development process comes to a close, alignment with district improvement goals and objectives remains the final consideration in resource allocation. This ensures that outcomes for students remain at the forefront of difficult budget decisions.

### **Enrollment Basis**

Enrollment projections for the 2022-23 school year are the basis for the school district's maintenance of effort budget. The FY23 Enrollment Projections by School and by Grade are included in the chart below. There has been decreased enrollment in both the FY21 and FY22 school years at the elementary level, with stability at the secondary level. Many school districts statewide have experienced similar changes.

The district has incorporated this enrollment decrease into its projections for 2022-23. While a rebound in enrollment is possible, this will depend upon students moving into Bedford. The Bedford birth rate data has been lower in the past several years, so enrollment increases would be expected to be mobility-related if they occur or related to transfers into the youngest grades. Student exit data reviewed thus far does not show trends that would impact long-term enrollment in the district. The enrollment decreases experienced to date appear to be driven by lower numbers of students entering into our youngest grades.

Thus, the 2022-23 annual enrollment projections assume normal patterns of movement between grade levels in grades 1-12 and lower kindergarten enrollment. The enrollment projection has been

completed using a 5-year average cohort survival ratio (CSR) for grades 1-12 and a 4-year average for kindergarten. Unlike the projection for 2021-22, which included estimates for a small enrollment rebound in kindergarten and first grade which did not come to fruition, there are no manual adjustments in the projections for 2022-23. Birth rate trends, which are lower, also did not support any adjustments that would suggest estimating enrollment projections upward. The NESDEC enrollment projections, based on birth data, were used as well as the district's internal projections in the formulation of the 2022-23 projection.

**BEDFORD PUBLIC SCHOOLS**

**Davis and Lane Enrollment**

Our enrollment changes seen in the youngest grades have primarily been driven by lower incoming kindergarten enrollments while cohorts moving up have remained typical, and slightly stronger for the K to Gr 1 cohort. The lower Davis and Lane projections inform the FY23 maintenance of effort (MOE) staffing plan with fewer classes required in 2022-23 to support enrollment in FY23. The MOE budget includes a reduction of two classes at the Davis School and a reduction of one class at the Lane School.

The chart below shows the number of classes planned in the upcoming year and the average class size and guideline:

**BEDFORD PUBLIC SCHOOLS FY23 (2022-23) ACTUAL ELEMENTARY CLASS SIZES (MOE)**

PROJECTED 2022-23	Davis Target Class Size			Lane Target Class Size			<b>TOTAL</b>
	Kindergarten Range 18 - 20	Grade 1 Range 20 - 22	Grade 2 Range 20 - 22	Grade 3 Range 22 - 24	Grade 4 Range 22 - 24	Grade 5 Range 22 - 24

SPEC ED TRANSPORTATION	\$ 896,018	\$ 717,864	\$ (178,154)	-19.9%	\$ -	-	\$ 717,864	\$ (178,154)	-19.9%
<b>TOTAL</b>	<b>\$ 43,630,038</b>	<b>\$ 45,006,057</b>	<b>\$ 1,376,019</b>	<b>3.2%</b>	<b>\$ 151,033</b>	<b>0.3%</b>	<b>\$ 45,157,090</b>	<b>\$ 1,527,051</b>	<b>3.5%</b>

Detailed information follows about each major expense category, along with information highlighting major shifts and changes, as well as budget factors and assumptions.

### **Salaries / Personnel Costs**

Salary projections include contractual adjustments for steps, lanes, and COLAs. All current year staff are assumed to advance to the next step. Known staff changes including retirements and advancement to higher levels of training, or lane changes, are incorporated into the FY23 salary forecast. There is also a factor for attrition built into the budget to account for staff vacancies and unpaid leaves, as well as additional turnover savings anticipated to occur in the summer.

The overall MOE increase in budgeted staffing costs is 3.8% over FY21. This incorporates the contractual changes that were implemented in both FY22 and scheduled to be implemented in FY23.

### **Operating Expenses**

All departmental budgets are level-funded, with exceptions necessary for Information Technology and Facilities. Some line items in the individual principal's budgets also need to be adjusted. The overall operating expense increase is 5.8% in the FY23 MOE budget. The changes are reviewed below:

- Information Technology - IT conducted a full review of all software and hardware service contracts managed by the department. IT manages the majority of administrative and instructional software on behalf of the district. An itemized list of items and costs is available in the *Financial Details* section of this document.
- Facilities - There are increases in contracted services and supply line items due to increased costs related to rate increases and the cost of basic goods and services. This is partly an

outgrowth of price adjustments made by vendors in response to increased costs they are incurring, supply chain issues, and high demand.

- Technology Leases - A second 4-year lease for Ipads is added to the budget in FY23. During FY21, to conserve resources, the district did a buyout of the three-year-old Ipads to use them for a fourth year, and to convert its lease program to a 4-year cycle. This cycle is preferred programmatically (since there are four grades at the high school) and experience has shown the Ipads to be durable enough to last for the entire four years. The cost of the technology leases is \$69,065 in FY22 and \$34,983 in FY23 - a total of \$104,048. The FY24 lease is anticipated to be at a similar or lower level as FY23 versus the higher amount of the lease initiated in FY22.
- Instructional Supplies - Reductions made during the FY21 and FY22 years were restored to principal accounts at Davis and Lane because they were not sustainable due to the materials-intensive nature of elementary education.

### **Special Education - Out of district Tuition**

After increasing significantly in FY20 and FY21 and remaining stable in FY22, net special education tuition expenses are projected to remain stable in the operating budget in FY23. The projected gross tuition budget is a decrease of -3% over FY22 and ancillary costs are increased by 3%, resulting in total expenses that are level with FY22. Ancillary costs include bus monitors, 1:1 Aides, home ABA services, 45-day placements, etc. Details are shown in the chart below:

FY23 PROJECTED OUT-OF-DISTRICT TUITION BUDGET

TUITION COSTS	FY20 ACTUAL	FY21 ACTUAL	FY22 ADJUSTED BUDGET	FY23 PROJECTED
Day Placements	35	34	31	31

<i>Less Use of Circuit Breaker</i>	-\$1,328,520	-\$1,551,650	-\$1,551,650	-\$1,688,501
<b>TOTAL NET TUITION EXPENSE</b> % Change over prior year	<b>\$2,642,703</b> <b>13%</b>	<b>\$3,150,066</b> <b>19%</b>	<b>\$3,187,975</b> <b>1%</b>	<b>\$3,186,856</b> <b>0%</b>

Additional Town Reserve for Tuition: A net tuition expense of \$3.2 million represents a year-over-year increase in the operating budget of 10.4%. As was done in FY22, and in a reduced but significant amount in FY23, \$200,000 in additional funds for extraordinary out-of-district tuition will need to be reserved. This reserve enables the increase for out-of-district tuition expenses in the FY23 operating budget to be budgeted at \$2,988,405 and 3.5% above FY22.

**Tuition Budget Factors and Assumptions:** The tuition budget is based upon 39 students, a decrease of two students, after accounting for students who turn 22, graduate, or move out of Massachusetts. The proposed budget plans for new enrollments with pending placements included. The proposed budget also plans for a potential transfer from day to residential placement. The decrease in cost is attributable to normal cohort changes which are resulting in fewer residential placements, and placements overall. The budget includes thirty-one (31) day placements and eight (8) fully residential placements in FY23. Out-of-district gross tuition estimates are based on 17 placements at collaborative programs and 24 students at private special education schools.

Additional details about the out-of-district tuition budget include, and are included in the chart below:

- Tuition at LABBB Collaborative program includes 11 continuing plus 2 anticipated placements
- Tuition at CASE includes 4 students
- Member collaborative rates are assumed to increase at 2.5%
- Private Special Education school rates are assumed to increase at 5%

Circuit Breaker is funded through the state to assist cities and towns manage high-cost placements. Costs above a certain threshold (aka circuit breaker) become eligible for reimbursement in the following fiscal year. Reimbursement declined in FY21 to 70% after having been at 75% for the past few years prior. The FY22 reimbursement rate has returned to 75%, and the FY23 budget is based on an assumption of continuing reimbursement at the 75% level.

Our use of Circuit Breaker reimbursement is maximized in the FY23 budget to offset the cost of tuition and special education teachers. A year-end carryforward is planned at 12% of gross tuition costs, or \$591,271. Districts may carry up to a full year's Circuit Breaker reimbursement into the next fiscal year. Bedford has received \$1.7M to \$1.8M in reimbursement in the past two fiscal years. Bedford plans to use \$1.7M to offset tuition in FY23, as is shown in the chart below.

While costs are trending lower in the FY23 year, this is a volatile expense area in the school budget. Maintaining a reserve against unexpected cost changes is considered best practice and allows districts to internally manage costs more successfully.

Circuit Breaker	FY19 ACTUAL	FY20 ACTUAL	FY21 ACTUAL	BUDGET FY22	BUDGET FY23
Circuit Breaker - prior year balance	\$927,000	\$160,000	\$625,270	\$660,905	\$664,000

Use to Offset Transportation				-\$70,000	-\$195,000
<b>Circuit Breaker Balance</b>	<b>\$160,000</b>	<b>\$625,270</b>	<b>\$660,905</b>	<b>\$664,000</b>	<b>\$546,029</b>
<b>% Gross Tuition Carried Forward</b>	<b>4%</b>	<b>13%</b>	<b>14%</b>	<b>14%</b>	<b>11%</b>

Circuit Breaker reimbursement for transportation is shown in the chart above for the first time. This represents significant new revenue when it became available for special education transportation for the first time in FY22 as a result of the enactment of the Massachusetts Student Support Act (SOA) in December 2019.

### **Special Education Transportation**

Special Education transportation costs have decreased in the MOE budget by -19.9%. Significantly, the Massachusetts 2019 Student Support Act includes relief in FY23 for special education transportation costs reimbursed via Circuit Breaker. The implementation was delayed by one year due to the pandemic, but its phase-in began in FY22 with 25% of costs reimbursed and with 50% reimbursement in FY23. The final year of implementation will be FY24 when 75% of costs are expected to be reimbursed. Students' tuition and transportation costs combined must exceed the threshold eligibility for Circuit Breaker, so not all transportation costs are eligible, and students must be traveling to school outside of Bedford to be eligible.

Also, membership in the CASE transportation collaborative is proving cost-effective for the district and has a lower assessment in FY23 with a credit included for fixed cost savings accrued.

The special education transportation MOE budget is based on the factors highlighted below, and is detailed in the following chart:

- In-district rates are level per Bedford Charter contract which does not carry a year four increase for in-district vans.
- 4 In-district vans are used to transport students

- All Out of District Transportation including CASE at \$433,000 (adjusted for FY21 costs and based on an assessment of 8.60% which is Bedford's weighted share of the transportation budget estimated at 6.4 million - riders are weighted based on the distance to school).
- A CASE transportation credit of approximately \$90,000 to this year's assessment accrued due to positive operations of the program.
- Other specialized van transportation is budgeted to service needed routes (assumed escalation of 3.5%), and parent reimbursement.
- Costs for Extended School Year Program (ESY), Preschool mid-day run

#### FY 23 SPECIAL EDUCATION TRANSPORTATION COSTS

In-District Vans (4 vans contracted with Bedford Charter)	\$ 176,400
Summer Extended School Year	\$ 15,010
Preschool Mid-day	\$ 29,700
<b>Total In-District Special Ed Transportation</b>	<b>\$ 221,110</b>
Out-of-District Vans:	
JSC	\$ 95,142
Van Pool	\$ 105,612
LBK Van Transportation	\$ 18,000
LABBB Transportation	\$ 40,000
CASE Transportation including credit	\$ 433,000
<b>Total Out-of-District Transportation Costs</b>	<b>\$ 691,754</b>
<b>Total Out-of-District Transportation Costs</b>	<b>\$ 912,864</b>
Circuit Breaker Transportation Reimbursement Credit	\$ (195,000)
<b>Grand Total Special Ed Transportation</b>	<b>\$ 717,864</b>

#### Regular Transportation

The regular transportation budget is based upon a stable fleet size with student daily ridership continuing at rates of 50% at Bedford High School and John Glenn Middle School and higher rates of 85%-90% at Lt. Job Lane Elementary School and the Lt. Eleazer Davis Elementary School.

Information about the fleet and cost factors are highlighted below, and in the following chart:

- Thirteen 4-school buses (BHS, JGMS, Lane, and Davis) with a contractual rate of \$439 per day and a cost of \$79,020 each per year
- Three 2-school buses (BHS, JGMS) with a contractual rate of \$419 per day and a cost of \$75,420 each per year
- Three late buses that operating 3 days per week for a cost of \$30,495
- A contracted rate increase of 5% is included for the 13 4-school buses and 3 additional 2-school buses for JGMS and BHS

- The Bedford Charter bus contract is in its 4th year (of a five-year term)
- Assumption that the district is able to continue to manage within route length guidelines and bus capacity limits.
- Ridership has increased in the 2021-22 school year and, in 2022-23, is anticipated to return to the high levels of ridership that have been typical. Prior to the pandemic, 5-year average ridership has been 46% at BHS/JGMS, 87% at Lane, 89% at Davis.
- A McKinney-Vento reimbursement is anticipated to support homeless transportation needs that may arise.

FY 23 REGULAR TRANSPORTATION COSTS	
Regular Transportation (13 4-school buses at \$439 per day)	\$ 1,027,260
Regular Transportation (3 2-school buses at \$439 per day)	\$ 226,260
JGMS/BHS Late Bus (@95 per day 107 days per year)	\$ 30,495
McKinney Vento / Vocational / Other	\$ 7,000
McKinney Vento Reimbursement	\$ (7,000)
<b>Total Regular Transportation</b>	<b>\$ 1,284,015</b>

Also provided by Bedford Charter:

- Hanscom buses are on a separate contract paid by the U.S. Department of Defense
- METCO buses are paid by the METCO grant

For a total budget picture, recommendations for additions and changes in FY23 Superintendent's Budget Proposal to meet additional needs in the upcoming 2022-23 school year are presented in the next section. FY23 Budget Summaries and Line Item details are also provided in the final section of the proposal, the *FY23 Financial Details* section.

## **FY23 ADDITIONAL NEEDS FOR TEACHING AND LEARNING**

FY23 additional needs to support teaching and learning and comprise a net of \$151,033 in new requests above the maintenance of effort/level services budget. Additions of \$335,522 are offset by reductions of \$184,489 related to opportunities for administrative restructuring and efficiency.

Additional staff requests in FY23 are limited to mandated special education positions and those positions that were introduced with a targeted grant and that the district seeks to maintain. The staffing adjustments are in the area of special education in response to enrollment and caseload estimates for the upcoming year including a 5th classroom at the Davis preschool. Also, there are three partial FTEs in the areas of targeted math and reading support at Davis, Lane, and JGMS that are proposed to be preserved.

A reduction in 2.0 FTE positions is proposed in order to achieve administrative efficiencies. The district is taking advantage of open positions that exist in some areas in order to achieve this restructuring.

The requested salary changes (net of additions and reductions) total 0.8 FTE and funding of \$79,481. There is no health insurance impact on the town as the staff currently are employees already eligible for insurance.

Non-salary additions total \$71,552 and include the following:

- Continuation of the mathematics curriculum adoption at Lane in grade 4
- Review and piloting of a K-5 SEL curriculum
- Other expenses for the Gymnastics cooperative team
- Continued access to online curriculum and tools added during the pandemic
- Aspen online registration module

All proposed salary and non-salary changes are summarized in the following chart:

FY23 CHANGES DESCRIPTION		LOCATION	FY23 CHANGES FTE	FY23 CHANGES \$
Salary	Add 1.0 FTE Special Ed Teacher (Caseload)	HIGH SCHOOL	1.0	\$63,893
	Teacher 5th PreK Classroom	SYSTEM WIDE	1.0	\$58,177
	Teaching Assistants for 5th PreK Classroom	SYSTEM WIDE	2.0	\$51,336
	Math Specialist (was grant funded)	DAVIS SCHOOL	0.3	\$36,180
	Reading Specialist (was grant funded)	DAVIS SCHOOL	0.3	\$31,307
	Title One Grant (now utilized at Davis and Lane)	MIDDLE SCHOOL	0.2	\$20,077
	Gymnastics Coop Coach	HIGH SCHOOL		\$3,000
	Reduce 2 TA positions (Caseload)	LANE SCHOOL	-2.0	-\$55,335
	Administrative Consolidation	SYSTEM WIDE	-2.0	-\$129,154
Salary Total			0.8	\$79,481
Non-Salary	Bridges Curriculum Adoption Grade 4	LANE SCHOOL		\$17,034
	Planning/pilot K-5 SEL Curriculum	SYSTEM WIDE		\$15,000
	Gymnastics Coop Transportation and Gym rental	HIGH SCHOOL		\$4,000
	Gymnastics Coop Officials	HIGH SCHOOL		\$500
	Mathematics Learning Software (DreamBox)	DAVIS SCHOOL		\$9,000
	Continue to promote access Zoom (50 licenses, 1 Webinar)	SYSTEM WIDE		\$5,900
	Math and Science Learning Software (IXL); Reflex Math	LANE SCHOOL		\$10,966
	Aspen OnLine Registration Module	SYSTEM WIDE		\$9,152
Non-Salary Total				\$71,552
Grand Total			0.8	\$151,033

### Special Education Proposed Additions

Special education students make up over 18% of enrolled students in the district. The district has a well-developed approach to meeting student needs through special education intervention and specialized programs. See the *Supplemental Materials* section for additional statistics.

The special education increases that are recommended as part of the FY23 budget include adjustments in staffing at the integrated preschool program, Lane, and BHS. The integrated preschool program serves qualified special education students in classroom settings and provides related service visits to students requiring OT/PT or speech therapy. In the FY22 school year, enrollment of age 3-5 special education students has grown and requires a 5th classroom, with continuing need in FY23. Currently, there are 26 enrolled special education students with 5 evaluations in process. This is a total of 31 special education students who qualify for specialized preschool classroom services and capacity for 35 students due to class sizes limited by regulation to 7 special education students. An additional 7-8 typical peers also enroll. Additional referrals are expected prior to June 2022 from Early Intervention services. Typical peer enrollment has been stronger in the current year, with total enrollment of 49 students as of December 2021.

A special education teaching position is needed at BHS and two TA positions at Lane can be reduced in FY23 due to projected student caseload after considering cohort movement. The proposed changes in FY23 include:

- BHS - Add 1.0 FTE Special Ed Teacher (Caseload)
- Davis - Teacher 5th PreK Classroom
- Davis - Teaching Assistants for 5th PreK Classroom
- Lane - Reduce 2 TA positions (Caseload)

### **Grant Funded Reading and Math Specialists**

The district proposes to maintain three partial FTE Teaching positions at Davis and Lane for targeted reading and math instruction. With this addition, Davis will have 1.0 FTE Reading Specialist per grade and both Davis and Lane will have half-time Targeted math instruction (also supported by the Title I grant). In addition, with the concentration of the Title I grant at the K-5 level, an additional .2 FTE adjustment was needed at JGMS Skills Center. The Title I grant of approximately \$36,000 was formerly distributed at all four schools. The proposed changes in FY23 include:

- Davis 0.3 FTE Teacher - Math Specialist (was grant funded)
- Davis 0.3 FTE Teacher - Reading Specialist (was grant funded)
- JGMS 0.2 FTE Skills Center Teacher - Title I Grant (now utilized at Davis and Lane)

### **Grade 3-5 Math Curriculum Adoption**

The adoption of the math program *Bridges in Mathematics* for all classrooms, grades 3-5, beginning in the 2021-2022 school year, was approved in the FY22 budget. Prior, the Lane School uses the 2012 version of enVision Math, which no longer aligns with the Massachusetts Frameworks. *Bridges Mathematics* is aligned with the Massachusetts Frameworks, and is a continuation of the program currently being used at Davis.

The proposed plan includes a staggered adoption, with grade 4 teachers and students beginning to use the curriculum in the 2022-23 school year. Funding of \$17,034 is requested to support year two of the math curriculum adoption.

### **SEL Curriculum Exploration and Pilot**

The district has invested in training Davis and Lane staff over several years in adopting the Responsive Classroom model, an overarching teaching philosophy that allows teachers to create a strong classroom community, and to foster the learning of SEL skills.

The district is seeking to add an evidence-based curriculum that would be a companion to Responsive Classroom to address the social emotional needs of students in grades K-5. Research suggests that

students have not been taught the critical skills needed to build self-regulation, social awareness, self-awareness, responsible decision making and problem solving.

In preparation for a proposal for a curriculum adoption in FY24, the district is interested in exploring and piloting the companion curriculum called Flye Five that teaches the crucial components of SEL which include: cooperation, assertiveness, empathy, self control and responsibility. Prior to a formal curriculum adoption, the district plans to research the Fly Five and other curriculum and introduce the curriculum with limited piloting in FY23. Funding of \$15,000 is requested to support this request.

### **Cooperative Gymnastics Team**

The district is proposing to add a coop team as a cost-effective way to meet student interest in interscholastic athletics in gymnastics. The cooperative team is with Billerica and shares coaching, venue and official costs. Funding of \$7,500 is requested to support this proposal. The proposed changes in FY23 include a Coop Gymnastics Coach, Gym rental, and officials, all shared costs.

### **Continue Online Curriculum and Access**

There are aspects of virtual learning and remote communication that would continue to add value to the district going forward. While a great many tools were adopted during the pandemic, and a number of these are being discontinued, some have continuing benefits. In consultation with principals and curricular experts, we hope to maintain some impactful tools.

Maintaining limited zoom licenses opens many continued opportunities for accessible engagement and collaboration. This will allow us to continue working closely with our students, parents, and professional partners in a variety of ways and with greater flexibility to enhance access. Maintaining math enrichment online curriculum at Davis and Lane will support teaching and learning in math for all of our youngest learners. Funding of \$25,866 is requested to support this request.

### **Proposed efficiencies - Online Registration Module**

Aspen Online Registration is a fully integrated online registration component that supports electronic capture of student and guardian data for the creation or update of students records, with for new student registration or returning student re-registration. This includes the annual updating of forms and contact information as well as required permissions and opt outs.

The district is requesting \$9,152 to add this module to the existing student information system. This will promote access, data integrity and efficiency of administrative processes that better supports the data collection requirements in the district. This will also support summer time operations in schools when administrative support staff levels are lower.

### **Proposed Administrative Consolidation**

Because there are areas of the budget that increase at higher rates than the town's revenue, and at levels above the Town's 3.5% budget guideline, seeking efficiencies is a normal part of the budget process. As is typically the case, when some areas of the budget increase at levels of 5%, 7% or 9% or more, it is necessary to closely review all spending to determine whether any savings or efficiencies are possible, and to target those changes to areas that impact students the least.

The district is proposing administrative consolidation which will result in the reduction of 2.0 FTE positions. No staff will lose employment in this consolidation. The change will be achieved through resignation and/or reassignment.

### **TRANSITIONING OUT OF PANDEMIC OPERATIONS**

The FY23 budget request does not include any costs that are related to Covid. However, it is realistic that safety protocols like surveillance testing, sanitation and the maintenance of HVAC systems at the highest level will continue to be required or deemed prudent. The district has estimated the types of staff and maintenance support that may be required.

We are hopeful that some of these expenses, if incurred, may be covered in coordination with the town through the use of American Rescue Plan Act (ARPA) funds when the costs qualify for federal or state reimbursement. The district is continuing to collaborate closely with the town on all Covid related costs during FY22 and potential costs in FY23, as we have done since March 2020.

These costs include the following and are summarized in the chart below:

- An estimated annual cost of \$47,998 for a 0.5 FTE Nurse Floater and additional nurse substitute hours
- An estimated annual cost of \$30,000 for Facilities overtime
- An estimated annual cost of \$211,003 for PPE, Sanitation and Cleaning Supplies, Air Filter Replacement, HVAC Contracted Services

### FY23 ESTIMATED COVID RELATED COSTS

FY23 UNBUDGETED COVID RELATED COSTS	FTE	\$	MUNI ARPA REQUESTED
Nurse Floater, additional nurse substitute	0.5	\$47,998	\$47,998
Custodial Overtime		\$30,000	\$30,000
PPE / Safety Protocols / Facilities HVAC		\$211,003	\$211,003
<b>TOTAL</b>	<b>0.5</b>	<b>\$ 289,001</b>	<b>\$ 289,001</b>

COVID SUPPLY DETAIL			
Adult Masks - Disposable			\$2,400
Youth Masks - Disposable			\$500

**NOTES:**

- Line 1 - Based on known retirements as of December 2021 and anticipated Employee Retirement Incentive and Sick Leave Buy Back expenses (ERI/SLBB)
- Line 4 - Increase due to additional participation in 403b retirement program
- Line 5 - Decreased legal expenses anticipated
- Line 8 - All anticipated districtwide contractual services reviewed and adjusted for FY23 costs with allocation for potential additional needs
- Line 20 - Increase primarily due to SPED IDEA grant used at Davis and Lane
- Line 28 - Decrease primarily due to SPED IDEA grant used at middle school
- Line 37 - Increased contracted services due to use of temporary BCBA and BSTA staff to cover vacancies in specialized programs
- Line 41 - Out-of-district Tuition expense does not include and additional \$200,000 Reserve by the Town
- Line 45 - Counseling contract increase due to counseling referral program shared with Town.
- Line 49 - Districtwide Professional Development increase due to need, and consolidated testing and assessment costs.
- Line 73 - Increased contracted services due to cost escalation in facilities maintenance and high demand for trade services as a result of the pandemic

Instruction	<ul style="list-style-type: none"> <li>• Small Groups, Differentiated, Project-based</li> </ul>					
School Year	180 Days					
Kindergarten	Full Day					
Integrated Pre-School	Special Ed/Regular Ed					
Standardized Assessment	MCAS					

English Learners (EL)	<p>Hours of instruction guidelines are in the process of changing. However, the current recommended minutes of service are:</p> <ul style="list-style-type: none"> <li>● Level 1.0-2.9 for two 45 minutes blocks of direct ESL instruction/day</li> <li>● Newcomers up to a full day; 3.0-5.5 for one 45 ESL block per day</li> <li>● Pre-school requires ESL consultation</li> </ul>
McKinney Vento	Homeless students are provided access to their home school during any period of displacement by the M.G.L provision known as McKinney-Vento, including transportation to school. There is a reimbursement available to districts for a percentage of costs incurred (typically around 40-50%).
Revolving Funds	District guidelines govern balances retained in these accounts. See additional information in the Supplemental Materials section of the document.
Activity Fees	Bedford has remained committed to keeping extracurricular activities available to all students, at no charge. This policy has ensured equitable access to extracurricular activities in all schools.
Technology Integration	Technology extends and deepens learning (research, networking, creative expression, coding, programming, robotics and design) in Bedford Public Schools. Interactive whiteboards, laptops, desktops, iPads and ChromeBooks are available throughout the district. One to one iPads are in use at the high school.
RETELL	All teachers earn Sheltered English Immersion (SEI) endorsements to their licensure by earning state required professional training certification.
Restraint Training	A core group of teachers and administrators are required to have training in all schools, and to maintain training according to state guidelines.
Suicide Prevention Training	The Signs of Suicide (SOS) program is implemented by the Counseling Department in grades 6-12.
Anti-bullying Training and Programs	All teachers and administrators receive annual training on policies relating to bullying and anti-bullying programs in grades K-12.
New Educator Evaluation	All instructional staff and administrators are evaluated according to state and local requirements. New educators receive additional evaluation, mentoring, training and guidance.
Coordinated Program Review	MA DESE conducts this periodic extensive review of practices, documentation and data: special education, civil rights.

## SPECIAL EDUCATION STATISTICS

The following chart shows ten year trends of in-district and out-of-district special education students. Students with disabilities are included in the Bedford Public Schools at increasing numbers in the past five years:

SPECIAL EDUCATION STUDENT ENROLLMENT (TEN YEARS)
