

# BEDFORD PUBLIC SCHOOLS

---

TO: Cliff Chuang, Superintendent  
School Committee

FROM: Julie Kirrane, Director of Finance

DATE: October 10, 2023

SUBJECT: FY24 Student Activity Account Maximum Balances

---

Each of the district's schools has established Student Activity Funds to support access to extra-curricular or co-curricular activities of students in accordance with M.G.L Chapter 71, Section 47. The established procedures for such accounts include an annual vote by the School Committee to set school checking account maximums for the balance that shall be available for the student activity accounts. These checking accounts are under the control of the school principal.

A vote of approval of the maximum balances is requested. There is no change in the account maximums from the prior year.

***Motion: That the School Committee establish the following maximum balances for student activity accounts for fiscal year 2024 as follows:***

<b>Bedford High School</b>	<b>\$50,000</b>
<b>John Glenn Middle School</b>	<b>\$15,000</b>
<b>Lane Elementary School</b>	<b>\$7,500</b>
<b>Davis Elementary School</b>	<b>\$7,500</b>

The current listing of active student activities and clubs at the secondary level, supported by Student Activity Funds, is included. Elementary Student Activities Funds are used almost entirely for field trips. Please note that additional detail for sports related student fundraising accounts will be provided in the annual budget proposal.

I am happy to answer any questions regarding this matter.

## Bedford High School Student Activity Funds

Student Activity Fund	Type	Student Activity Fund	Type
Class 2022	Class Account	Various	Departmental
