Dear Bedford School Committee Members,

I am writing on behalf of Boston University Chobanian & Avedisian School of Medicine to convey our commitment to donating two used Olympus model CH microscopes to Bedford JGMS Middle School.

Please be informed that our medical students previously utilized these microscopes, and are in satisfactory working condition.

If you accept this donation, the microscopes will be delivered directly to JGMS Middle School. Any responsibilities following the delivery will be the sole concern of JGMS.

We are enthusiastic about the opportunity to contribute to the success of JGMS Middle School and to support the educational journey of its students.

Sincerely,

Fredric Majnoun, MSAS

A handwritten signature in blue ink that reads "Fredric Majnoun".
