December 7, 2022

The Bedford School Committee is beginning the search for a Superintendent of Schools. The search is an important undertaking for Bedford Public Schools (BPS), as we look for an individual who will serve the many and varied needs in Bedford. Our search process will draw on meaningful community involvement in several ways. Please consider contributing your thoughts, ideas, or time and talent in one or more the following ways.

SCREENING COMMITTEE

We are forming a Bedford Superintendent Screening Committee composed of BPS staff and teachers, parents and members of the community, a student, and School Committee members. The role of the Screening Committee will be to act in an advisory capacity to the Bedford School Committee. The Screening Committee will work under the guidance of the Massachusetts Association of School Committees (MASC) search consultant and will be asked to review application materials and assist with the interviewing of candidates.

We are seeking applicants for positions on the Screening Committee. If you are interested and available and believe you bring skills and talent that will help the Committee, please apply [here](#). Applications are due by December 16, 2022.

COMMUNITY SURVEY

The School Committee is eager to hear from members of the Bedford community to help us understand what is on the minds of our community, shape the search, and seek a superintendent with a mix of talents well-suited for BPS. Please take a few minutes respond to our survey [here](#) so that we may hear your perspective. Thank you for your time. We value your input.

FOCUS GROUPS

We are in the process of scheduling a series of focus groups for various members of our community to offer input in a discussion format. We will arrange several sessions specifically for parents and community members from Bedford, METCO, and Hanscom. We will provide more information once the schedule is set.

SUPERINTENDENT POSITION ANNOUNCEMENT

If you know any educators who might be candidates for the position of Superintendent of Bedford Public Schools, please refer them to our position announcement [here](#).
