### **BHS Student Representative 2021-2022: Prakhar Gupta**

The student representative for the School Committee will be **Prakhar Gupta**.

Prakhar is a senior at Bedford High School. He is an involved member of our school community and has served on the Principal's Advisory for 4 four years, was part of our reopening team through the pandemic and is a class representative. He is passionate about inclusion, social justice and equity. As part of the reopening team, Prakhar advocated for student advisory and felt a sense of urgency to have student and adult connections throughout the pandemic. He is also part of Ground Up, a student run club that promotes balance and healthy living as part of our Challenge Success partnership. Prakhar is also fond of music, is a musician and performs with his band in his spare time. Last year, he performed for the faculty and staff at BHS to lift their spirits during the pandemic. He is a kind, creative and thoughtful student.
