

Bedford Public Schools

Department of
Athletics

Keith Mangan

Director of Athletics

Personal Goals

- Strengthen the connection between Academics and Athletics.
- Promote strong scholastic and athletic values.
- Building the capacity of our programs through feeder programs (sub-varsity, middle school, recreation).
- Promote opportunities for personal and professional growth.

Bedford High School Student-Athletes will...

1. ...act with integrity, respect, and responsibility towards themselves, others, and the environment .
2. ...value cultural diversity and recognize global interdependence .
3. ...practice the democratic principles of tolerance, activism, responsibility for and service to one's community .
4. ...think independently and work cooperatively to achieve goals and resolve issues .

Program Philosophy

The highest potential of athletics is achieved by committing to the ideal of pursuing victory with honor. Good faith efforts to honor the words and spirit of our philosophy will improve the quality of our programs and the well being of all teammates.

Athletics should be:

- An enjoyable experience.
- A significant part of a sound educational program.
- Embody high standards of ethics and sportsmanship .
- Develop good character and other important life skills, focusing on six core ethical values: trustworthiness, respect, responsibility, fairness, caring, and good citizenship (the “Six Pillars of Character”©).

Program Levels

The three goals used to determine level of play are:

- To emphasize the development of basic skills, appropriate attitudes, values and team concepts.
- To allow as many students as possible to participate and share the experience and benefits derived from team membership.
- To compete competitively with Dual County and non-league opponents.

All levels focus on sportsmanship and fair play!
