

Sound Innovations ~ Directions on using the online resources.

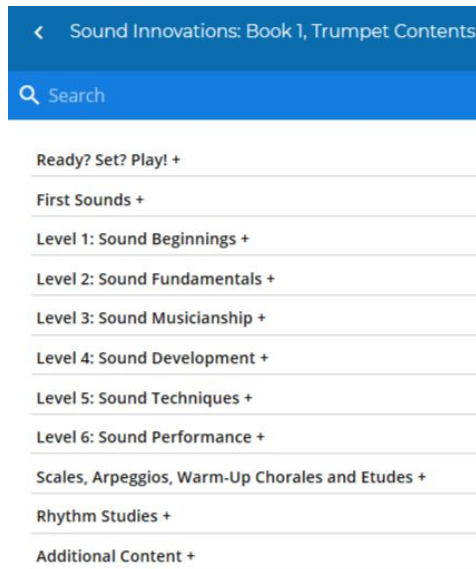

Go to: www.sionline.alfred.com

You will see this:

The product number is on the outer, back, lower left corner. It is 5-digits. For example the trumpet book says: "34536 Book, CD, & DVD." The product number in this example is "34536."

Once the product number is entered you will see this:

These Levels are like the chapters of our beginning book. Our students were just finishing level 2 and beginning level 3 for our March concert.

These are the song numbers in each level:

Level 1: #1 - #33

Level 2: #34 - #76

Level 3: #77 - #109

Level 4: #110- #136

Level 5: #137 - #172

Level 6: #173 - #183

Scales: #184- #199

Rhythm: #200- #204

You will see these numbers as you open each level.

Once you click on the speaker icon to hear a song, a recording will play. The song will be played twice. The first time the solo instrument will be heard. The second time it will be just an accompaniment. Students can use their lesson book to read the music and play along while listening on the website.

I hope the students enjoy using this resource & I look forward to seeing all the beginning band kids when we get back to school.
